

## God's Object Lessons: God's Prenatal Children

*God uses easy to understand  
every day objects  
to teach us profound things  
about Himself and His purposes.*

In the beginning the work of Miracle You Ministries focused on prenatal children. The audience included medical, legislative, and judicial professionals, adults, youths and children. And as wonderful as all that was, there was something missing. I prayed, Father, what of eternal worth is all this?

Then the Lord brought me to His word in John 3:3 to mind. Jesus said to Nicodemus, "You must be born again." Then I heard in my spirit, "What are people who are not yet born again?"

The answer, "They are unborn; unborn souls...unborn spiritual children, spiritual children living through their spiritual prenatal development."

Then the Lord brought me to His word in Romans 3:11, "...there is no one who understands, no one who seeks God."

Then how do we come to saving knowledge of Jesus Christ? Then the Lord brought His word in John 14:6, Jesus answered, "I am the way and the truth and the life. No one comes to the Father except through me."

And so I prayed, "Father, through what developmental processes do a prenatal spiritual child go before they are born again? The answer, prenatal spiritual children slowly come to eternal life, just as physical prenatal children come into temporal physical life. The unborn spiritual child:

- Develops a heart that vibrates to the sound of Jesus voice, but he does not know why.
- Hears Jesus' voice and listens to messages about God and His kingdom. He does not know that is what he's doing, but he is.
- Hears Jesus' voice and picks up a Bible and looks at it, perhaps reads through various scriptures or falls in love with various stories. He does not know that God is forming in him a love for His word.
- Hears the gospel, but does not know what it means, just as the physical prenatal child hears his mother's voice, but does not know it is his mother.

- Attends church or a revival service. He is not yet born again, but he is exercising his spiritual lungs, getting ready to breath in life eternal
- With each Holy Spirit inspired event in his life, his prenatal life grows and matures, moving toward delivery into eternal life.

There are troubling things occurring to physical prenatal children and scripture suggests nothing else but that if their lives end prematurely they are carried straight to the throne of Grace. There is not such promise for the spiritually unborn if they die before they come to saving knowledge of Jesus Christ.

The Lord gave me this object lesson: Imagine a salt shaker and a bag of popcorn. Popcorn smells and then looks delicious as it pops, it taste delicious ... salty ... crunchy ...satisfying.

In Matthew 5:13-16 Jesus says we are salt and light. In Colossians 4:6 Paul said, “Let your conversation be always full of grace seasoned with salt so that you may know how to answer everyone.

Popcorn seasoned with salt is a tasty snack. If you allow seasoned popcorn to illustrate a message for prenatal children, you find that speaking the truth in love about them is good...seasoned with the truth of Christ. But so often, something else happens; our desires come into play. Our emotions rise and we add a little more salt (truth) about the plight of prenatal children. We pen or forward enflamed letters and emails; We corner people in the market and tell them our concerns. (With each concerned action I add a little more salt to my popcorn.) We make up flyers or buy them from an ordering house and pass them out. We join ourselves into groups. We gather in parking lots. We raise our hands and our voices. We pull together our hands into fists and pump our arms into the air. We make large signs and sometimes place pictures of butchered children on them (all the while salting the popcorn). And then we extend this message to our receivers and if they have been watching all along (which many do) they are instantly repelled by the message knowing it is too salty. But then there are they who did not see all the salting, so they take the message and the moment it touches their tongues they are burned...hurt...blistered by our message...and perhaps some believe our fervor and take in a mouthful of our message and find themselves poisoned. (Have mercy).

Remember that God’s word teaches us that things on earth are but a shadow of things in eternity (Colossians 2:17 and Hebrews 8:5). This object lesson is just a shadow of the things we are doing to promote what we think is “pro life.”

This is not the end of the popcorn object lesson, but I can not bring this to an end before I extend the balm of Gilead who is Christ Jesus and His mercy because for some the end of the popcorn object lesson is very irritating. So if you are irritated by it, please take of this perfect balm which will soothe your chaffed heart. You see ...as it turns out, one of the primary methods of physical abortion, particularly in older prenatal children is salt poisoning. What if the audience took up and ate the overly salty popcorn? They would

get sick...they might even die of spiritual salt poisoning. Remember Christ 2 Timothy 2:8.

It is time to give this presentation to anyone who will listen. Do you know someone who needs to hear it?

Introduce me to them and I will go and share this good news.

In Him,  
Suz
